INVASION A SUCCESS

Troops Find Little Trouble In
Landing In Cuba

INSURGENTS READY TO RENDER THEM SUBSTANTIAL AID

Washington, June 8—Special—The landing of American troops near Santiago, which was successfully accomplished yesterday, involved less difficulty than was anticipated. The fire of the vessels kept the Spanish forts busy, and but small bodies of troops were available for attack upon the invaders. These were easily driven back by the Americans and their Cuban allies with considerable loss. The American loss was inconsequential. The artillery landed consists of both siege and field pieces which will prove effective in reducing the fortifications of Santiago that still remain after the naval bombardment. The temper of the army, both American and Cuban, is excellent, and good reports are expected from it within a few days.

Troops Leave Tampa.

Washington, June 8—Special—Information here from Tampa says a number of transports left this morning with about fifteen thousand troops, presumably for Santiago. It is the intention to land part near Santiago and take the city. Part of the force may be landed at San Juan, as that port may be bombarded to prepare for the landing of troops to hold the city very shortly. Next week, it is thought, will see the subjugation of Santiago and the destruction of the Spanish fleet completed.

No Fighting on Empty Stomachs.

Washington, June 8—Special—"Sampson shows his wisdom by not attempting to fight his men on empty stomachs." This was the praise of a retired officer of the British navy this morning. He went on: "You can't get a hungry man to fight well for either his country or his honor, but give him a good meal and you can depend upon him at all times. I am glad to see Sampson does not begin fighting until after breakfast. It is a good omen of success."

Preparing to Resist.

Key West, June 8—Special—Word reaches here that Blanco is strengthening the works at Cardenas, Matarzas, and Cienfuegos. It is also stated that Cervera has been ordered to dismantle and if necessary destroy his smaller ships. The guns will be placed on new fortifications being erected on the land side of Santiago. There is every prospect of a stout resistance to the Americans should they attack either place.

Shelled the Cavalry.

Key West, June 8—Special—A dispatch boat brings news that two auxiliary gunboats shelled a squad of Spanish cavalry Monday last at Cardenas. Twenty-five Spaniards were killed, and many wounded. Not an American was hurt nor were the gunboats injured, despite the fact that one of them steamed right up to the guns of the shore.

Probably Untrue.

Washington, June 8—Special—A press report from Spanish sources reached the navy department this morning that Captain Phillips, of the battleship Texas, was killed by the bursting of a shell during the bombardment of Santiago. No confirmation having been received here from Sampson the report is not believed.

Aquadores Captured.

Cape Haytien, June 8—Special—It is reported here this morning that the Americans who landed at Baquiri on Monday effected a junction with the insurgents and that the combined forces have captured Aguadores, where the main portion of the American army will debark.

It Is Probably True.

Kingston, Jamaica, June 8—Special—The report that an American warship sunk a Spanish torpedo boat destroyer while trying to sneak into Santiago harbor, is reiterated by late information received here.

TORPEDO BOAT CUSHING.

The Cushing was one of the first torpedo boats built by the United States. She is named in honor of Commander Cushing, the intrepid young officer who sank the Confederate ram Albemarle. The Cushing has a displacement of 105 tons, and her indicated horsepower is 1,720. She is fitted with three torpedo tubes.

WISCONSIN IS FIFTY YEARS OLD

SEMI-CENTENNIAL OBSERVANCE HELD IN MADISON.

Reception of Distinguished Visitors, Processions, Speeches and General Festivities Enliven the Day—Nothing Untoward Occurs to Mar the Pleasure of the Occasion.

Madison, Wis., June 8—The semi-centennial celebration of the admission of Wisconsin to the union began yesterday and will continue for three days. Governor Bushnell of Ohio, and his staff, who are to be the guests of the state during the celebration, have arrived. Today good weather brought an immense crowd to Madison on the morning trains, and the people have been arriving in the city all day.

At 9 this morning the directors and officers of the Milwaukee Carnival Association came in on a special train from Milwaukee and were met at the depot by the officers of the Madison celebration, headed by the university band, the university regiment of cadets, Governor Scofield and staff, Governor Bushnell of Ohio and staff, Mayor Whelan and the officers of the Madison celebration.

A procession was formed and the visitors and officials in carriages were escorted to the capitol, where an informal reception was given them in the executive chamber. The arrival of the procession at the capitol was marked by a salute fired from the cannon in Capitol Park.

In the afternoon the official exercises were held in the great hall of the University gymnasium. The principal address was delivered by Governor Scofield, and he was followed by Mayor Whelan with an address of welcome to the people of the state and to the Ohio party. Governor Bushnell of Ohio responded and was heartily greeted.

Early in the evening the boat race between the crew of St. John's Military Academy and the University of Wisconsin freshman crew was rowed on the two-mile course on Lake Mendota. The Wisconsin freshmen won by ten lengths, rowing thirty-four strokes to the minute to the St. John's thirty.

After the race the semi-centennial oration was delivered by J. V. Quarles of Milwaukee, to an audience of 2,500 in the university gymnasium. His address was devoted to a review of the growth of Wisconsin in both material and intellectual lines.

Evan Lewis "The Strangler" Confesses to Crookedness in a Previous Wrestler.

Milwaukee, Wis., June 8—[Special]—In an interview here today Evan Lewis, the strangler, who is matched to wrestle Yousef, "the Turk" in Chicago, June 20, admitted that his match with "Farmer" Burns at Chicago in 1897 for the championship of the world was "fixed." Lewis states that three prominent Milwaukeeans paid him \$2,500 in cash to "lay down" and that he received an additional \$1,000 after the contest. He put the money in buildings on his farm. He says this match with the Turk will be on the square, and will be his last appearance on the mat in the championship contest.

W. H. BURR'S BODY WILL BE CREMATED

REMAINS WILL BE SHIPPED TO MILWAUKEE.

Cremation Was the Wish of the Deceased—Was a Man Well Known Throughout the State—Has Been a Patient Sufferer For Seven Months With Paralysis.

After an illness of seven months duration William H. Burr died this morning at 3 o'clock at his home, 154 South Jackson street. The cause of his death was paralysis.

The remains will be shipped to Milwaukee on the 7 o'clock train Friday morning, where they will be placed in a vault to await cremation, that being the wish of the deceased and one which will be carried out by loving friends.

Well Known Here.

William H. Burr was a man well known not only in the city of Milwaukee but throughout the state of Wisconsin, where he numbered his friends by the score. Prior to his late illness he spent the greater portion of his time in Milwaukee, making frequent trips to this city on matters of business.

Born in New Jersey fifty-eight years ago he came west in 1881, settling in Milwaukee. Several years ago he held the responsible position of local general agent for the Northwestern Mutual Life Insurance company of Milwaukee, and was regarded as one of the best men in the business. Seven months ago he suffered a stroke of paralysis and since that time he has been a patient sufferer at his home in this city, where he was constantly watched over and cared for by a loving and devoted wife.

Deceased leaves a wife and two stepsons, Bert Day, of Cedar Rapids, Iowa, and Harry Day, of this city; two brothers, Charles H. Burr, of San Francisco, and George W. Burr, of Milwaukee; and two sisters, Mrs. Rebecca Ray, of Watertown, and Mrs. Amelia Hardenborpor, of Milwaukee. Funeral services will be held from the South Jackson street home tomorrow afternoon at 4 o'clock, the remains to be taken to Milwaukee on the 7 o'clock train Friday morning.

BRIEFS FROM BELOIT

High School Commencement Exercises—The Police to Wear Uniforms—Base Ball.

Beloit, Wis., June 8—[Special]—The high school commencement exercises will begin next Sunday night with a baccalaureate sermon by T. J. Creswell, at the Presbyterian church. Class day exercises will take place Thursday morning, June 10, at 9 o'clock, at the High school, and the graduating exercises will be Friday night, June 17, at the First Congregational church. There will be speakers at the graduating exercises. The program will include the usual class history, prophecy, poem, etc., the class generally participating. The baccalaureate sermon is an innovation for the high school. Mr. Creswell was invited to give the sermon by a vote of the class.

At a meeting of the common council Monday night it was decided that Beloit's four city policemen, the marshal, assistant marshal, and two night patrolmen, wear uniforms while on duty.

The college base ball team is to have two more games with Madison. The last game on the home grounds will be June 11, with Wisconsin, and Manager Moore is arranging for a fourth game to be played at Janesville, Saturday June 18. Both Blewitt and Atkins will serve the ball, if necessary, and Beaumont will receive at the plate. Captain McMasters goes to right field, Morris to left, and Ed Merrill will play short. With Veteran Fred Jeffries back at second bag the team expect to play the game of the season. The other positions remain as before.

KILLED BY A FREIGHT TRAIN

Resident of Menasha Sustains Fatal Injury at Colby.

Colby, Wis., June 8—[Special]—Martin Jones, of Menasha, fell under the wheels of a freight train. Both legs were cut off, and he died during amputation.

FORTS ARE WRECKED

Santiago's Defenses Are Almost Completely Dismantled

SINKING OF THE REINA MERCEDES IS CONFIRMED

Washington, June 8—Special—Santiago can now offer but little resistance to the American assault, and Cervera's fleet is at the mercy of Admiral Sampson. This is the mature opinion of naval department officials, based upon the latest news from the scene of operations. The forts at the harbor entrance, including Morro, are practically dismantled by the American bombardment, the Spanish fleet is weakened by the sinking of the Reina Mercedes, and the injury sustained by other vessels renders the fleet incapable of offering serious resistance to the combined attack of land and naval forces. The city would be taken and the fleet destroyed tomorrow but for fear of the mines and torpedoes in the harbor. These will be removed or exploded by dynamite within a few days, when the vaunted armada of Spain will be only a reminiscence.

A Spanish Report.

Madrid, June 8—Special—A dispatch from Blanco to the minister of war, reporting the bombardment of Santiago, says: "Col. Alca, between Santiago and Cerbrera, sustained a cross fire of the insurgents on land and the American cruisers on the sea. The American fire passed over the Spaniards, falling among the insurgents. Our troops were well entrenched and prevented the enemy from landing. Our troops were unhurt."

The following version of the operation has been communicated to the press: A bloody encounter has taken place at Santiago. The American fleet made three attacks, but was repulsed each time. It is estimated that fifteen hundred Americans were killed and wounded. They, however, sunk the Reina Mercedes, whose lieutenant was killed.

Time Was Well Spent.

Washington, June 8—Special—Although the movement of troops upon Cuba has been slow it is believed that the time has been well spent in training the men and equipping them properly for a campaign of several months' duration. All the soldiers who have gone may be said to be well seasoned, and are regarded as equal to the veterans of any other army. The war department is sanguine that their achievements in the field will justify the delay in their preparation.

Occupied by Americans.

New York, June 8—Special—A Washington dispatch to the World says Sampson has taken possession of one of the dismantled forts at Santiago, has hoisted the American flag, and will immediately remount the guns to be handled by American gunners. It is said he has already landed marines.

Hit By Spanish Shells.

Kingston, Jamaica, June 8—Special—During the bombardment of Santiago the Suwanee and Massachussets were hit by the Spanish shells. On the former one man was slightly injured. The damage to the vessel was slight. The Massachussets' military mast was partly shot away.

Is Short of Supplies.

Washington, June 8—Special—The transport Resolute has returned from Santiago, where it went to deliver supplies to Sampson's fleet. Her officers report that no supplies can reach the beleaguered city, and capitulation, hastened by an armed attack, is inevitable in a short while.

The Viscaya Damaged.

Kingston, Jamaica, June 8—Special—It is reported that a stray shell struck the Viscaya, lying in Santiago harbor, dismounted a gun and injured her steering gear. It is also reported that the forward deck of the Furor was smashed by a shell.

Officially Confirmed.

Madrid, June 8—Special—The government is in receipt of official news of the sinking of the Reina Mercedes in Santiago harbor. The dispatch states that five sailors and twenty-nine marines went to the bottom of the bay with the boat.

THE BOMBARDMENT OF SAN JUAN—THE ATTACK ON MORRO. FROM HARPER'S WEEKLY. AFTER A DRAWING BY CARLETON T. CHAPMAN.

Reproduced from *Harper's Weekly*. By Permission. Copyright, 1898, by Harper & Brothers.

Although the first search of Admiral Sampson for Cervera's elusive squadron proved a bitter disappointment to the Americans, it was full of incidents interesting enough to the general public. Chief among those events was the bombardment of the town of San Juan, on the island of Porto Rico, which took place on May 11, and gave to Sampson's fleet its first opportunity to engage concertedly in actual warfare. An illustration by Chapman, reproduced today from *Harper's Weekly*, affords a vivid picture of the affair.

The American squadron was composed of ten battle-ships, monitors, and

cruisers. During the night of May 11 they approached San Juan from the northwest, and on the morning of the 12th all hands were called and breakfast served at three o'clock. The men knew then that gunpowder was to be burned, and they were correspondingly jubilant. With the first rays of dawn the call to quarters was sounded, and the final preparations made for active work on the Spanish fortifications which protect the harbor. Headed by the *Iowa*, which had been selected by Admiral Sampson as his flag-ship the formidable column of fighting boats made three circuits before the forts, pouring in their fire at an average

range of about 1,800 yards. The guns of the enemy were worked vigorously, but with the usual result. Not since modern rifles with gun sights were invented has any one seen such shooting as from the shore batteries of San Juan. The count rose into the hundreds, with never a hit, and it was difficult for the commander-in-chief to prevent the smaller, unprotected cruisers from recklessly exposing themselves to possible destruction by running close in to the shore. On the American side the marksmanship was effective after the range was secured, and most of the works were damaged and the guns of the Morro silenced. The last shot was fired at five o'clock,

and the order to retire was reluctantly obeyed.

It is hard to form any idea of the value of the short bombardment. In connection with the withdrawal of the fleet, it must be remembered that the admiral had reason to expect an engagement with the fleet of the enemy, and this covered many obvious reasons for not continuing the bombardment of San Juan. Apparently the battle was an incident of the war, like the action of Matalava, proving again the lack of training of the Spanish and the coolness and ability of the Americans. Only two of the several hundred shots from the enemy were felt by our ships.

ALL THE NEWS OF THE BADGER STATE

EDGERTON TOBACCO MARKET SHOWS MUCH ACTIVITY.

Shipments Out of State For the Week Reach Twenty Carloads—A. M. Thomson, a Former Janesville Editor, Dying at Milwaukee—Pensions For Veterans.

Edgerton, Wis., June 8—Generally speaking there is but little new being transacted in the local tobacco markets of the state. An occasional sale from first hands, however, comes to the surface and limited transactions are reported by packers. A few warehouses are still handling bundle leaf but the work of packing is nearly over. The most important sale of late is a 200 case lot by Frank Bierer to Phil Henn for the account of Froyer & Eisenlohr, of Philadelphia. James Huston and Joseph Bimberg have been picking up several lots from first hands.

A commencement has been made in planting another crop for which there seems to be an abundance of plants ready for the fields. The weather, however, is rather too warm and dry for transplanting. Following the next rain planting will become general.

The shipments out of storage amount to nearly twenty carloads, 800 cases from this station to all points for the week. Since last report 200 cases of cigar leaf were exported from New York.

Milwaukee, June 8—At 11 o'clock last night the condition of Alexander M. Dr. Marks, the attending physician, said that hope of recovery is about abandoned. Mr. Thomson was sleeping last night under the influence of opiate, and had not been aroused from the state of unconsciousness in which he has been for the past three days. He is suffering from stomach trouble, and owing to the inability of the physicians to introduce nourishment into his stomach, is rapidly growing weaker.

Naval Problems to Be Solved

Mr. A. W. Wilson, the famous author of "Ironclads in Action" and a naval expert second only to Captain Mahan, has written a very important article for the July number of the Fall Mall Gazette in which he discusses the naval problems to be solved in the war.

We are permitted to publish the following extract from advance sheets of Mr. Wilson's article:

"The Latin and Anglo-Saxon, so often in conflict in the past, are meeting once more in battle; and these the most momentous hang upon the conduct of the combatants. The war between the United States and Spain is a copy on a very reduced scale and with some slight modifications of a war between England and France. It is not my purpose in this article to work out a detailed comparison. I can only suggest it. The great British superiority in battleships and unarmored cruisers as against France is faithfully reproduced in the American navy as against Spain. The great French advantage in armored cruisers finds its parallel in the Spanish navy. Even in torpedo craft the numerical equality which exists between England and France is reproduced with some correctness in the two combatant navies. Thus all conditions are favorable to a trial of our race; upon the conduct of Admiral Sampson and Commodore Schley's of floors and blue-jackets depends not merely the honor of the United States, but the very existence of the British empire. If the men who are hourly expecting battle in the Caribbean falter, if they show any want of courage or selflessness—which God forbid—they let us be certain that an attack will be delivered upon England by her enemies, who will conclude, and not unjustly, that the military qualities of the Anglo-Saxon have declined under the depressing burden of civilization. And as this is the greatest problem to be settled in the war, we should pray that our race may emerge with glory from the test."

A commencement has been made in planting another crop for which there seems to be an abundance of plants ready for the fields. The weather, however, is rather too warm and dry for transplanting. Following the next rain planting will become general.

The shipments out of storage amount to nearly twenty carloads, 800 cases from this station to all points for the week. Since last report 200 cases of cigar leaf were exported from New York.

DECISIVE ACTION TAKEN.

Cuban Expedition Ordered to Start at Once.

WILL LEAVE TAMPA TODAY.

Twenty Thousand Troops Will Soon Be En Route to Co-operate with Admiral Sampson's Fleet—We Will Be in Control of Cuba Within Thirty Days.

Washington, June 8.—The Santiago expedition, part of which started from Mobile last Saturday, sails to-day from Tampa. It goes in strong enough force to crush the Spaniards at Santiago, probably with 20,000 or more troops.

President McKinley has been keeping the wires hot with "hurry" messages since Sunday, and after discussing the situation with the cabinet Tuesday he sent General William R. Shafter an imperative order to board the transports and sail. Allowing for the unforeseen delays incident to such big undertakings, it is expected the American troops will be moving southward to-day to complete the work so well begun by Admiral Sampson.

General Shafter was delayed by the difficulty of loading the heavy siege cannon, but the president refused to listen to any more excuses. Some of the guns will be left behind to follow the expedition, and as many troops as are in condition for the work will sail for Santiago.

General Copplinger has been ordered from Mobile to command the troops left at Tampa.

The plans of campaign have contemplated the use of all the regulars at Tampa and Mobile for this expedition.

The war campaign is now proceeding with every promise of bringing a speedy conclusion to hostilities. It is within the range of probabilities that eastern Cuba, the Philippines and Porto Rico will all be in the possession of the United States forces within thirty days. The news from Cavite indicates that Admiral Dewey, with the co-operation of the natives, will be able to take Manila as soon as the first detachment of American troops arrives. Santiago's fate may be determined next week, and the stars and stripes may be flying over San Juan within ten days after the fall of the ancient capital of Cuba. There is apparently no obstacle to the continuance of the unbroken series of American successes. Spain is expected to make advances toward peace as soon as she loses the armada of Admiral Cervera, but operations before Porto Rico will probably be under way before anything definite is done.

SUNK BY SAMPSON.

Spanish Torpedo Boat Destroyer Sent to the Bottom.

Kingston, Jamaica, June 8.—Under a terrific fire by the whole American fleet a Spanish torpedo boat destroyer, supposed to be the Terror, was shattered and sunk as she was trying to sneak into the Santiago harbor last night. Her destruction was accomplished in a few minutes, so terrible was the fusillade from the American ships.

The torpedo boat destroyer was discovered by the lookouts on the battleship Texas. Just as the Sommers N. Smith was about to leave Rear Admiral Sampson's fleet to carry the news of the Santiago bombardment the Terror came within range of the Texas' searchlight. Immediately there was a call to quarters.

The Texas gave the signal to the whole fleet, which at once flashed their searchlights on the enemy and began a terrific cannonading. The Terror was sunk in a remarkably short time.

INSURGENTS WIN VICTORIES.

Spanish Troops in the Philippines Meet Defeat.

Manila, May 30, via Hong-Kong, June 8.—Gen. Aguinaldo has already defeated the Spaniards in several skirmishes and one considerable engagement.

He sent 600 troops across Bacoor Bay last Thursday night. They took a position between old Cavite and Bacoor, near a powder magazine on the beach, where the Spaniards had a strong force of marines and infantry, which attacked the rebels on Saturday morning and were repulsed. The insurgents captured 224 Spaniards and 194 more Sunday night, including fifteen officers.

The country where these skirmishes were fought was covered with a thick tropical undergrowth, with streams and swamps, where no regular military order could be maintained.

Plan to Meddle at Manila.

London, June 8.—The Paris correspondent of the Standard says that reports of peace negotiations continue to spread, and add that such negotiations cannot be very far off. They are likely, however, to cause more international tribulation than the war itself. There is reason to believe that France and Russia are exchanging views as to the expediency of subjecting the American conquests in the far East to European sanction.

More Rioting at Belfast.

Belfast, June 8.—Last night there was a renewal of the rioting that began Monday during the demonstrations in honor of the revolution of 1789 and the anniversary of June 6, 1886. The nationalists attacked a body of orangemen who were leaving their work, and there was a storm of scrap iron and other missiles. The police at first were overwhelmed, but, having been reinforced, they cleared the street by a free use of their clubs. The military has been ordered out, and it is feared that there will be a renewal of the disturbances.

Doctors Meet in Denver.

Denver, Colo., June 8.—The annual convention of the American Medical Association opened in the Broadway theater at 10 o'clock Tuesday, with a large attendance. Gov. Adams and Mayor McMurray delivered addresses of welcome. Officers were elected as follows: President, H. O. Walker of Detroit; senior vice-president, Dr. H. Bert Ellis, Los Angeles; junior vice-president, Dr. G. E. Woody, Louisville, Ky.; secretary and treasurer, Bayard Holmes, Chicago. The trustees of the American Medical Association voted \$10,000 toward the fund created three years ago for the erection of a building in Chicago, to be known as the home of the association.

Synod Prays for the Nation.

Galesburg, Ill., June 8.—At its session Tuesday the Augustana Lutheran synod offered a special prayer for the success of this country in the war with Spain. The pension-fund constitution was passed exacting of each pastor a contribution of \$5 annually and \$1.50 on each death. The Rev. L. A. Johnston, St. Paul; the Rev. S. G. Youngest, Ottumwa, Ia., and Prof. S. M. Hill, Waterloo, Neb., were chosen directors of the Lutheran Augustana book concern. The new constitution for Augustana college was adopted.

STORIES OF THE STREETS.**Janesville People Are Talking About it on Every Corner.**

It is sometimes an easy matter to fool the public, but you can't keep it up long. They are sure to find it out; and every time man is fooled another skeptic is made. Sk-picism is allowable when reading in a home newspaper about some incident occurring in San Francisco, Calif., or Maine, but the circumstances are entirely different when it refers to some one right here at home friends and neighbors, people you know, whom you can see and with whom you can talk it over. This is the kind of evidence at the back of Doctor's Kidney Pills—home statements by home people—and the astonishing local work they have been doing has caused more talk among our citizens than the doings of any other modern wonder. Read the following.

Mrs. N. J. Casey, of 103 Prairie Ave., says: "Doctor's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse instead of better. I was finally persuaded to try Doctor's Kidney Pills and procured a box at the Janesville Drug Co.'s store. I had only taken them a few days when I felt better. Should there be any recurrence of my trouble I shall use Doctor's Kidney Pills in preference to any other medicine. They can be depended upon to relieve suffering from backache or disordered kidneys."

BID FAREWELL TO SCHOOL DUTIES

GRADUATING EXERCISES OF HIGH SCHOOL STUDENTS.

A Large Audience Fills the Opera House—Historical Themes Form the Subjects Of All—Many Facts Of Local Interest Brought to Public View.

The commencement exercises of the High school and a fitting beginning in the semi-centennial celebration at the opera house last evening by the graduating class. The house was thronged with friends and relatives of the class, and each number of the programme was received with liberal applause. The High school band furnished excellent music, and the stage was tastefully decorated with plants, flowers and flags. A quartette composed of F. E. Newton, C. H. Ogden, C. F. Chapman and W. A. Ward gave a number of choice musical selections during the evening which were keenly enjoyed by all present.

Professor D. D. Mayne acted as master of ceremonies, and introduced the graduates in a few appropriate words.

Papers and Essays.

The salutatory was delivered by Leonard M. Matthews, president of the class, who welcomed the audience as friends of the High school and gave a brief summary of what the four years' course had done for the members of the class. His language was well chosen and his delivery all that could be desired.

The life and achievements of the explorer Marquette furnished the theme of Gertrude Casey, who traced his journeys of discovery and missionary work on a large map of Wisconsin. She told of his sufferings and glorified his devotion to the cause of human enlightenment to which he had devoted the energies of a lifetime.

Teresa Leary spoke of "The Boundaries of Wisconsin," detailing briefly and concisely the difficulties encountered by early settlers and governments of the state in determining precisely what their rights were and where their properties began and ended.

"Wisconsin Fifty Years Ago" proved an interesting subject as treated by Mabel Lee. Many incidents of pioneer life were related, illustrating the difficulties that frequently beset the early settlers. Miss Lee's enunciation was distinct, her language excellent, and her manner self-possessed.

"The Wealth of Wisconsin" was treated of by Theodore J. Smith, who spoke of the material resources of the state and the far greater wealth that resides in that perfect manhood which so abounds among its citizens.

All Were Historical.

Edith Hayward spoke of "Wisconsin's Seals"—the signatory, not the fu-bearing kind—and made a captivating narration out of what seemed a prosaic subject.

Ivy M. Downs, who was listed for an essay on "Wisconsin Scenery," was compelled to postpone it on account of the non-arrival of a series of illustrations which formed an essential part of her essay.

Margaret McGregor spoke of "Rock County"—its natural scenery and material advantages affording her a wide scope or poetic imagery and well deserved eulogy. She compared the scenery to that of Italy, and spoke admiringly of the many natural beauties that are everywhere spread out to view.

A story of the Black Hawk war entitled "The Hall Sisters," was read by Alice Evans, and testified to the maturity of her descriptive powers and sense of the heroic. It was liberally applauded.

Early embryonic cities in Wisconsin afforded scope for papers by Mae L. Behrendt and M. Eva Crawford. These ambitious municipalities in this vicinity were numerous in the early days, but all had subsided into villages while Janesville had grown to the proportions of a metropolis of trade and manufactures,

Loyal to Janesville.

Jessie Spain described the life of Janes, the founder of this city, relating many facts of early days that were entirely new to a majority of her hearers.

Minnie H. Blunk recall'd days of old by speaking of the old Hyatt House and illustrating the once famous history upon canvas by means of calcined light.

"Earl Education" was treated of by Catherine Crowley. She compared past educational facilities and methods with those of the present day, and made her hearers wonder how people in past days could have been content with the limited means of acquiring an education that then existed.

The orchestra closed the exercises with appropriate music, while the diplomas were bestowed upon the graduates.

FOUR BRIDES AT HYMEN'S ALTAR

MATRIMONIAL EVENTS CELEBRATED HERE TODAY.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee. Evening papers sold in this part of the state.

At 4:30 o'clock this afternoon at the East Street home of ex-Alderman and Mrs. Orion Sutherland was solemnized the marriage of their only daughter and child, Miss Cora Sutherland, to William K. Shattuck, of Green county, was in town today.

Rev. Robert C. Denison, of the Congregational church officiated, Mrs. G. Bostwick acted as maid of honor, while Charles Ziegler, of Minneapolis, faultlessly carried out the part of best man.

A Charming Scene

The bride and groom were preceded on their march by Miss Estes Hardy who made a charming flower girl, as she led the way to a well arranged canopy consisting of roses, ferns and smilax, beneath which the happy couple took the sacred vows that made them man and wife. The Organus Meridionalis stationed in an adjoining room rendered soft music that added charm to the scene.

The event was also a patriotic wedding, most appropriate at this time. The national colors were noticeable on all sides, the rooms being tastefully draped with American flags intermingled with abundance of pink roses and smilax.

Following the tying of the nuptial knot the happy couple were showered with hearty congratulations, there being only relatives and intimate friends of the family present.

The serving of a bounteous repast followed, the tables being in charge of Miss Grace Brownell, Georgia Livingston, Lillian Beaman, Mabel Lewis and Katherine Smith and Messrs. Albert Braun and John L. Wilcox.

The presents bestowed upon the bride and groom were many and costly, the most noticeable being a check for a handsome sum from the groom's father. Well Known In Janesville.

Neither the bride nor groom need introduction. Certainly no young lady in Janesville is more deserving of the happiness which comes to her as a bride than she who this afternoon became Mrs. W. K. Shattuck. A life long resident of this city she is possessed of a host of friends who will bestow upon her most sincere wishes for a life free from care. William K. Shattuck, the groom, is the son of Mr. and Mrs. I. H. Shattuck, of Minneapolis, and is by no means a total stranger in this section.

He is a young man of sterling worth and has evidenced business ability which has made him a confidential employee of one of the largest wholesale grocery firms in the northwest.

The Bridal Tour.

This evening Mr. and Mrs. Shattuck will leave for Minneapolis, where they will spend a week at the home of the groom's father on the shores of Lake Minnetonka prior to an extended tour of the east.

After October 1 they will be at home at 2006 Third avenue, South Minneapolis.

AMONG those who attended the wedding from out of the city were:

Messrs. and Madames I. H. Shattuck and E. L. McCollum, of Minneapolis, and F. B. Kent, of Baltimore; Mrs. Sue E. Wilcox, of Chicago; Miss Shattuck, Minneapolis; Miss Harrison, Chicago; and Messrs. John L. and Clinton Wilcox, of Chicago.

Taylor-Jimian

At high twelve today was celebrated a notable wedding at Orfordville by the marriage of Miss Susie Belle Taylor to Ira E. Johnson, Rev. J. R. Reynolds, of Waupaca, officiating. Miss Lulu May Taylor, sister of the bride, acted in the capacity of bridesmaid, while Dr. G. Cleophas, of Orfordville, was best man.

Amid the sweet strains of music from Smith's orchestra the happy couple took their place before a large company of relatives and friends when they were made man and wife.

Following the hearty congratulations the large company of relatives and friends present sat down to a sumptuous repast, which was faultlessly prepared by Caterer George Shurtliff, of this city.

The bride is the daughter of Mr. and Mrs. H. G. Taylor and is held in the highest esteem. Well known in this city she has a host of friends here who will extend most hearty congratulations. The groom, who resides near Orfordville, is a young man whose business qualities have made him fast friends whom he may well feel proud of.

Among the guests who attended the wedding from out of the city were: Mr. and Mrs. George Hess, Delavan; Mr. and Mrs. M. N. Richardson, Davenport Iowa; Mr. and Mrs. C. Thorpe, Burnett; Mrs. George Charlton, Janesville; Mrs. W. McClellan, Davenport, Iowa; Mrs. A. Clark, Carroll, Iowa; Miss Carrie La Salle, Caldwell, Kansas; and J. J. Richardson, Davenport.

Colony-Pratt.

Evanston, Wis., June 8.—[Special]—Dr. Fred Colony and Miss Edith Pratt, only daughter of the late Hon. M. V. Pratt, were quietly married at the home of the bride's mother, in this city Tuesday evening. They will reside here.

Ole Schneider.

At the town of Rock home of the bride's parents will be solemnized this

evening at 7:30 o'clock the marriage of Miss Harriet C. C. and William Schneider, of Janesville, Ill. The house has been beautifully trimmed for the occasion with roses and smilax, and both bride and groom will be unattended, the Rev. Robert C. Denison to officiate. The happy couple, after a wedding trip to Minneapolis, will take up their home in Janesville.

ELEVATOR FOR SHEROGAN.

Shobogin, Wis., June 7.—A proposition was received by the council last night from the Rialto Elevator company of Chicago, to build a modern elevator in this city, equipped with the latest grain handling appliances, and to operate it for a term of not less than ten years, provided the city will furnish water far enough up the river to accommodate boats that may be loaded for storage during the winter. The city will do the necessary dredging and the elevator will be ready this fall.

State News in Brief.

Mrs. Maggie Van Ooth, the revivalist, has been engaged by the Methodists of Paukauka to conduct evangelistic services at the church next week.

The contract for carrying the mail between Regis and Antioch has been awarded to F. E. Smith at \$541 a year; also between Phoenix and Antioch to James Canton, at \$310.

Rev. Dr. S. Saarbaro Mathews, of Hanover Street Congregational church, one of the most widely known Congregational ministers in Milwaukee, has brought an action for divorce from his wife, Jessie Frances Mathews, for desertion.

The West Superior Land company closed negotiations for the sale of the New York block and a large amount of unimproved property to the Duryea estate of New York. The property will be turned over June 15. The consideration is \$200,000. The Duryea estate now owns \$150,000 of property in West Superior.

Passenger Agent G. S. Whitaker, of the Chicago & Milwaukee Transportation company has issued circulars announcing that during the summer each couple married on the whaleback steamer, Christopher Columbus, will receive free transportation from Chicago to Milwaukee and return, annual passes on the line and \$25 in gold. The carnival pageant of twenty floats illustrating the history of Wisconsin it is claimed will be the most gorgeous affair of the kind ever witnessed in this country not excepting the wonderful Mardi Gras pageants of New Orleans.

Speculation is Science.

Stock Exchange secrets are always interesting. It is telling the plain truth but inside operations in stocks, grain and cotton that gives strength to the book just published, "Speculation is Science," by George M. Irwin, an old professional speculator. It tells the tricks of the trade, the errors that outsiders make, gives warning to the unwary, and advice to the amateur and investor. The publisher's price for the book is \$1.00, but a limited number will be mailed free, on receipt of six two-cent stamps, by the author, George M. Irwin, 20 New Street, New York.

Annual Reception of the Art League.

The Janesville Art League will give their fourth annual exhibition of the work of members, at the home of Mrs. J. F. Pember, Friday, June 10, from 2 to 5, and from 7 to 10 p. m. All friends of the Art League are cordially invited to be present.

Missionary Society Meets.

Cleveland, O., June 8.—The seventy-second annual meeting of the Congregational Home Missionary society began its sessions here Tuesday. About 500 delegates were in attendance and more are coming in by every train. Maj.-Gen. O. O. Howard, the president, is presiding. The annual report contains the following: "The society had under its commission the present year 1,881 missionaries in 44 states and territories, toward whose support it expended \$590,597. Its missionaries have organized in all 6,501 churches. To the churches under its care 468,208 members have been added in the seventy-two years of its work. The cash receipts have been \$17,965,798. The society began the year with a net debt of \$127,504. The receipts of the national organization were \$375,381, and the auxiliaries raised and expended in their own fields \$216,815, making the total income for the year, including the \$24,621 cash in hand, \$618,314 and \$1,495 unappropriated balance. The expenditures of the national society were \$373,751. The net debt at the close of the fiscal year was \$106,600, a reduction of \$21,004."

Colored Soldiers Dismissed.

Indianapolis, Ind., June 8.—The state authorities have been officially notified that the war department will not take more than two colored companies from this state for the immune service, and that they must be officered by white men. The colored people feel that they have been unfairly treated, refuse to enlist under white officers and threaten to carry their grievance into politics. Senator Fairbanks telegraphed that he has taken the subject up with the secretary of war again, and hoped to have the decision reversed.

The state authorities were notified that one officer and five enlisted men from each battalion would come home at once to recruit the Indiana regiments in the field to the maximum.

GIVE THE CHILDREN A DRINK called Grad-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee.

Sold by all grocers and like to have it in their stores. It is particularly good for children like the finest coffee but is free from all injurious properties. Grad-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 3¢ as much as coffee. 10 and 25¢.

NEWS FROM OUR NEIGHBORS.

(Continued from page 2)

Day Baptist church at the Saturday morning service.

Earl Wetmore and wife, of Fairfield, spent Saturday with their parents, Mr. and Mrs. George Coot.

Mrs. Bert Crumb and Miss Mandane Crumb, of Walworth, are visiting Mr. and Mrs. Carl Crumb.

Mrs. W. W. Clark went to Chicago this morning for a ten days' visit.

The pupils in Principal Whitford's department of the public school enjoyed a picnic at Lake Koshkonong Monday.

Several thieves were at work here Monday night and entered and attempted to rob several houses, but so far as can be learned did not secure any booty.

The pupils of the public school enjoyed field day exercises and a picnic in the park Friday afternoon.

M. C. Whitford spent Saturday and Sunday at home, and left Monday for Portage.

Mrs. J. C. Lano and son, of Merrill Park, spent Saturday in the village.

Lima, June 7.—Next Sunday a Sunday school rally will be held in the M. E. church. Services will begin at 10:30 in the morning. All are invited to come, bring their dinner with them and stay all day. A fair sized congregation met at the U. B. church last Sunday afternoon to listen to children's day exercises, which were participated in by members of both the village Sunday schools. L. M. Goodhue & Son, of Whitewater, delivered a fine bedroom set at the home of Mr. and Mrs. W. D. McComb, on Monday.

Mr. M. Sapo is away taking a trip a-wheel. He will visit Kneeland and Milwaukee before he returns. Mrs. George Wilcox, of Johnstown Center, visited at Fred Gould's last Saturday. Uncle Jim Hull is not so well again. Mrs. Ruby Boos and Master Harry Hanson, of Janesville, came out on their wheels last Saturday to visit their mother, Mrs. Chapman. Dr. and Mrs. R. H. Stetson and Miss Florence Stetson attended children's day at the Baptist church Sunday. Will Phoenix, wife and daughter of Utter's Corner, attended the U. B. services Sunday. Frank Fuller went to his home on 14 East Prairie last Saturday. He was accompanied by Bert Collins and Miss Core Kenyon who returned the next day. Mrs. Emma Johannsmeyer, of Beloit, visited relatives here one day last week. Last Saturday was an unusually quiet day in Lima. Nearly every one went to the circus in Whitewater. Madame Orson and William Truman attended the funeral of Mrs. Rhoda King in Janesville, Wednesday. Mr. Holbrook's mother has come to spend some time with her son here. Mrs. Frank Gould has gone to visit a sister in Minnesota. Mr. Traver went to Milwaukee Monday to see about five cars of baled hay which he shipped to a firm there last week which has since failed. Mrs. O. B. Godfrey, of Milton called on Mrs. John Collins, Saturday afternoon between trains.

The Great Exposition at Omaha—Low Excursion Rates.

The Trans-Mississippi Exposition at Omaha opens June 1, and closes November 1. For the opening day the Chicago, Milwaukee & St. Paul Railway will sell round trip excursion tickets at half fare on May 31, good for return until end, including June 1. Aside from above rate and date ordinary excursion tickets at a fare and a third for the round trip and good for 30 days will be on sale from June 1 to October 30, 1898. Special rates for military companies and for bands carrying their instruments.

S. E. Parker, Sharon, Wis., writes:—"I have tried DeWitt's Witch Hazel Salve foritching piles and it always stops them in two minutes. I consider DeWitt's Witch Hazel Salve the greatest pile cure on the market." Peoples' Drug Store.

Milwaukee Carnival Week. Carnaval week at Milwaukee, June 27 to July 3, will rival the Mardi Gras at New Orleans. Those having the celebration in charge believe that the Wisconsin festivities will even be more attractive than those of the far famed southern city. At New Orleans there are only three evening attractions. At Milwaukee there will be six days and six nights of endless festivities. The grand pageant, illustrating the history of Wisconsin, will consist of twenty floats. These floats are rapidly nearing completion and are said by the contractor, who has devoted his whole life to this business, to be the finest he has ever yet constructed. Low fares on all roads and boats will be given for carnival week.

The Cuban question and political issues sink into insignificance with the man who suffers from piles. What he most desires, is relief. DeWitt's Witch Hazel Salve cures piles. Peoples' Drug Store.

WAR REVENUE BILL.

Conferees Agree on AB but Ten or a dozen changes.

Washington, June 8.—The conferees on the war revenue bill have reached an agreement upon all but ten or a dozen propositions. It is said that the republican conferees have reached an understanding regarding the amount of bonds to be issued, but they are pledged to secrecy pending a final agreement.

The impression is usually well informed circles, assuming it to be a fact that an agreement has been reached, is that it is a compromise upon \$100,000,000. This, with the 3 per cent, one year certificates of indebtedness which the secretary of the treasury is authorized to issue, will provide \$500,000,000, if necessary.

When the conferees met Tuesday it was believed that the amendment to coin the seigniorage would be finally agreed to, and there were some who thought the house conferees might recommend concurrence without coming to the house for instructions. But shortly afterward the news from the Oregon election was received, which had the effect to wonderfully stiffen the determination of the house conferees not to yield.

One of the republican conferees said they hoped to conclude their labors by to-night, but one of his democratic colleagues expressed the opinion that a partial agreement might be reported some time Thursday.

TO DRIVE OUT AMERICANS.

Spaniards Demand Expedition to Force Americans from Manila.

London, June 8.—The Madrid correspondent of the Standard says:

"El Liberal calls upon the government to take steps promptly to satisfy public opinion, which is clamoring for the immediate dispatch of a relief expedition to assist Capt.-Gen. Augustin in forcing the Americans to leave Manila. This alone, the paper argues, would put a stop to the spread of agitation and disaffection among the natives of the Island of Luzon. The nation, says El Liberal, has remained patient only because it has believed that the government would realize such an expedition."

"El Imparcial advocates a similar course, insisting that the fate of Spanish rule in the Philippines could in this way be easily decided at Manila. El Heraldico is even more energetic in its call on the cabinet to act before it is too late. The press campaign is evidently intended to exercise pressure upon the government before the reserve fleet at Cadiz receives final instructions, which are hourly expected by Admiral Camara."

Crop Prospects Are Bright. Indianapolis, Ind., June 8.—The weekly crop bulletin for Indiana says in part: "Farm work progressed uninterruptedly, and the growing crops matured and advanced more rapidly. Wheat and rye are maturing well and the harvest will commence, possibly, within ten days. Both of these cereals headed well and are in bloom. In the southern portion wheat is turning yellow; the heads of the wheat, being large and apparently well filled, promise a good crop this year."

Big Strike Settled.

Anderson, Ind., June 8.—The big strike at the Pennsylvania plate-glass works in this county was settled Tuesday. Five hundred men were out because of a 15 per cent reduction being posted. President Kahn arrived from Pittsburgh Monday night, and all the workers returned on an agreement for an adjustment of wages equal to the highest paid by other concerns.

Mrs. Abbott Nominated.

Springfield, Ill., June 8.—The Woman's republican state convention met in the senate chamber at the state house Tuesday and nominated Mrs. Alice Asbury Abbott, of Chicago, for a trustee of the University of Illinois, to be recommended to the state convention of the republican party, which is to be held in Springfield on June 14.

Curzon on the Agreement.

London, June 8.—George N. Curzon, under secretary of state for foreign affairs, replying in the house of commons to a question about the Canadian-American agreement, said: "Negotiations have taken place at Washington for the settlement of all pending questions between Great Britain and the

United States."

Republicans Sweep Oregon.

Portland, Ore., June 8.—Oregon has gone republican by the largest majority ever given any party at a state election. The returns show that Gear (Rep.) is elected governor by at least 10,000 majority; and if the ratio of increase in the republican vote is maintained till all the counties are heard from the majority will be between 12,000 and 15,000. Both congressional districts are overwhelmingly republican.

AIDED BY MRS. PINKHAM.

Mrs. W. E. Paxton, Youngstown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

"DEAR MRS. PINKHAM:—It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valuable medicine.

"After the birth of my little girl, three years ago, my health was very poor. I had lichenorrhœa badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstruations were very profuse, appearing every two weeks.

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and after taking two-thirds of the bottle I felt so much better that I send for two more. After using three bottles I felt us strong and well as any one.

"I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble."

Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right conditions need not terrify women.

The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's address is Lynn, Mass.
